2023年2月21日，国家市场监督管理总局（“市场监管总局”）发布公告，上海市市场监督管理局（“上海市市监局”）联合上海市国资委，于2月17日举办了2023年度首场国企竞争合规培训，围绕国企普遍关注的经营者集中反垄断审查法规和实务问题进行了讲解。这是自市场监管总局委托上海开展经营者审查工作以来，上海市市监局和上海市国资委在企业竞争合规领域的首次合作。（[查看更多](#)）

Together with Shanghai SASAC, Shanghai AMR Launches Competition Compliance Training for State-owned Enterprises

On February 21, 2023, the State Administration for Market Regulation (“SAMR”) issued a statement, stating that the Shanghai Administration for Market Regulation (“Shanghai AMR”), together with Shanghai State-owned Assets Supervision and Administration Commission (“Shanghai SASAC”), launched the first competition compliance training for state-owned enterprises in 2023 on February 17. The training focuses on regulations and practical issues of anti-monopoly review of operator concentration, which is a common concern of state-owned enterprises. This is the first cooperation between Shanghai AMR and Shanghai SASAC in the field of enterprise competition compliance since Shanghai being delegated by SAMR to carry out the filing review work. 东北制药因不公平高价行为被罚1.33亿

2023年2月20日，市场监管总局发布辽宁省市场监督管理局（“辽宁省市监局”）对东北制药集团股份有限公司（“东北制药”）作出的处罚决定。辽宁省市监局调查发现东北制药在2018年11月至2019年6月间，滥用其在中国左卡尼汀原料药市场的支配地位，实施以不公平高价销售左卡尼汀原料药的行为，排除、限制下游左卡尼汀制剂市场竞争，损害了消费者利益和社会公共利益。辽宁省市监局最终决定责令东北制药停止违法行为，并处以其2018年度中国境内销售额2%的罚款，计人民币13,300.44万元。（[查看更多](#)）

Northeast Pharm Fined CNY 133 Million for Unfair High Prices

On February 20, 2023, SAMR issued the penalty decision made by Liaoning Provincial Administration for Market Regulation (“Liaoning AMR”) against NORTHEAST Pharmaceutical Group Co., Ltd. (“Northeast Pharm”). Upon investigation, Liaoning AMR found that during November 2018 to June 2019, Northeast Pharm abused its dominant market position in the Chinese levocarnitine API market, selling levocarnitine API at unfairly high prices, which excluded and restricted competition in the downstream levocarnitine preparation market, and harmed the consumer welfare and social public interests. Liaoning AMR decided to order Northeast Pharm to cease illegal behavior and imposed a fine of 2% of its 2018 Chinese domestic sales, totaling CNY 133,344,000. ([More](#))

美司法部指控谷歌“故意毁坏”反垄断诉讼中的对话记录

2023年2月23日，据媒体报道，美国司法部（DOJ）认为谷歌应就其“故意多次毁坏”DOJ预期将在反垄断诉讼中用到的企业聊天记录的行为受到法庭制裁。DOJ表示尽管谷歌承诺保存与该诉讼相关的内部通信，但多年来谷歌一直维持着自动删除聊天记录的政策。谷歌在声明中表示“强烈反对DOJ的指控”，“我们团队多年来一直认真工作应对调查和诉讼。事实上仅在本案中，我们就提供了400多万份文件，还向世界各地的监管机构提供了数百万份文件”。（[查看更多](#)）

DOJ Says Google ‘Intentionally Destroyed’ Chat Logs In Antitrust Suit

On February 23, 2023, according to news report, the U.S. Justice Department (DOJ) believes Google should face court sanctions over “intentional and repeated destruction” of company chat logs that DOJ expected to use in its antitrust suit. DOJ said in a filing that despite Google's promises to preserve internal communications relevant to the suit, for years the company maintained a policy of automatically deleting chats. “We strongly refute the DOJ's claims,” Google said in a statement. “Our teams have conscientiously worked for years to respond to inquiries and litigation. In fact, we have produced over 4 million documents in this case alone, and millions more to regulators around the world.” ([More](#))

欧盟委员会对大韩航空收购韩亚航空展开调查

2023年2月17日，欧盟委员会发布公告，对大韩航空（Korean Air）收购韩亚航空（Asiana）的拟议交易展开深入调查。大韩航空和韩亚航空是韩国国内两家最大的航空公司，他们运营韩国国内航线、亚洲短途航线以及其他长途航线。经调查，欧盟委员会发现两家公司在欧洲经济区

(EEA) 和韩国之间提供航空客运和货运服务市场上是紧密的竞争对手，拟议交易可能会导致欧洲经济区和韩国之间四条航线上提供的客运服务的减少，削弱欧洲和韩国间提供货运服务市场上的竞争。 ([查看更多](#))

European Commission Opens In-depth Investigation into Proposed Acquisition of Asiana by Korean Air

On February 15, 2023, the European Commission issued a statement, announcing that it has opened an in-depth investigation to assess the proposed acquisition of Asiana by Korean Air. Korean Air and Asiana are respectively the first and second largest airlines in South Korea. They operate a network of domestic routes, short-haul routes in Asia as well as long-haul routes between South Korea and the rest of the world. The preliminary investigation indicates that the companies are strong and close competitors in the provision of passenger and cargo air transport services between the EEA and South Korea. The transaction could reduce competition in the provision of passenger transport services on four routes between South Korea and the EEA, and could eliminate potential competition in passenger transport services between the EEA and South Korea. 抖音诉百度用头条等词组推广获赔12万

2月15日，北京抖音信息服务有限公司与北京百度网讯科技有限公司不正当竞争纠纷一案一审判决公开，百度因侵权被判赔偿抖音10万元。

抖音公司诉称，抖音公司为多个“今日头条”“头条”商标的注册人。百度公司未经许可，擅自使用“头条”“新闻头条”对“手机百度”App进行推广，导致在百度网中搜索“头条”等的结果带有涉案App推广链接及下载服务。抖音公司认为，百度公司的行为在导致用户混淆的同时构成虚假宣传，既侵害其商标权，也构成不正当竞争。法院审理认为，结合双方App服务内容和对象高度重合，百度公司的前述使用行为易使相关公众误认为涉案App由抖音公司提供，导致公众的混淆误认，侵害了抖音公司对涉案商标享有的专用权。在百度公司并未否认其在涉案App下载页面中实际使用今日头条网站名称、域名，且未提供合理解释及相关证据的情况下，法院认定百度公司的上述行为亦容易造成相关公众的混淆，违反反不正当竞争法第六条第三项。

Douyin V. Baidu for Using “Headline” and Other Phrases to Promote Ads, Awarded Damages of RMB 120, 000

On February 15, the first-instance judgment of the unfair competition dispute between Beijing Douyin Information Service Co., Ltd. (Douyin) and Beijing Baidu Netcom Science and Technology Co., Ltd. (Baidu) was released, and Baidu was ordered to pay damages of RMB120,000 to Douyin.

Baidu used "Headline" and "News Headline" to promote the "Mobile Baidu" App, leading to the fact that in the results of searching "Headline" and others on the website of Baidu, would contain the promoted links of the above App concerned and the download services. In this regard, the court held that in light of the highly overlapping content of the App services of both parties, the said use by Baidu could easily cause the relevant public to misunderstand that the App in question was provided by Douyin, which would lead to the confusion of the public, and constitute trademark infringement. As Baidu did not deny actually using the name and domain name of Headline Website in the download page of the App, and failed to provide a reasonable explanation or relevant evidence, the court identified that the above act of Baidu also easily confused the relevant public, which violated Item 3 of Article 6 of the Anti-unfair Competition Law.

学校雕塑招投标涉著作权侵权案宣判：不拆除侵权雕塑，承担5倍惩罚性赔偿责任

近日，重庆自由贸易试验区人民法院就重庆市花火文化传播中心（下称原告）与重庆两江新区礼嘉实验小学、重庆渝高科技产业（集团）股份有限公司（下称被告）著作权侵权纠纷案作出一审判决，责令二被告赔偿原告经济损失17万元。

法院认为，被告明知无权使用原告的设计仍然使用相关设计制作雕塑，且擅自进行修改，侵害原告作品的修改权、复制权和展览权。从当事人意思表示以及减少社会成本、提高社会效益出发，宜以提高赔偿额的方式作为拆除责任替代方式。本案中两被告明知原告设计了涉案雕塑作品且就设计费磋商未果的情况下，使用该作品制成雕塑，故两被告具有明显主观故意；侵权雕塑放置于礼嘉小学校内、学校主入口供师生和不特定公众参观，系持续性的侵权行为，受众范围较广；被告在制作雕塑时修改了原告的设计，在原告发出终止使用声明后仍继续使用上述作品，构成情节严重。综上，两被告应当承担惩罚性赔偿责任。

Sculpture Copyright Infringement Judgment: the Infringing Sculpture will not be Demolished, but 5 Times of Punitive Damages was Awarded

Recently, Chongqing Free-Trade Zone Court issued a first-instance judgment in a copyright infringement dispute, ordering the two defendants to pay the damages of RMB 170,000.

The court held that the defendant, knowing that it had no right to use the plaintiff's design, still used the relevant design to make sculptures, and made modifications without authorization, which infringed on the plaintiff's right to modify, reproduce and exhibit its works. In order to reduce the social cost, it is

advisable to increase the amount of damages as the alternative to the liability of demolition of the infringing sculpture. The defendants clearly knew that the plaintiff had designed the said sculpture, and did not negotiate the design fee, but still used the work to make a sculpture. Therefore, the two defendants have obvious malice. Infringement sculptures are placed in the school and at the main entrance of the school for teachers and students and public to visit, which is a continuous infringement and covers a wide range. The defendant modified the plaintiff's design while making the sculpture, and continued to use the above works after the plaintiff issued the statement of termination of use, which constituted a serious case. To sum up, the two defendants shall be liable for punitive damages.

First Judgement on Online Game Power Leveling

The Shanghai Pudong New Area People's Court made the first-instance judgment on the unfair competition case filed by Tencent, ordering Defendant to cease the unfair competition acts and pay the damages of RMB 985,000 for Tencent.

The court held that the sued acts damaged the legitimate rights and interests of the two plaintiffs as operators and game users as consumers. The two plaintiffs, as online game developers and operators, enjoy the competitive rights and interests arising from the operation of the game "Honor of Kings". However, the defendants have caused damages in the following three aspects by setting up a special area of "Honor of Kings", and providing power leveling service through the operation of the client of "Power Leveling ", resulting in the following three damage consequences:

1. Causing prejudice to the operation of online games, and causing damage to public interests;
2. Decreasing the user stickiness and trading opportunities of the game, interfering with the real-name mechanism established by the game involved, and the mechanism for preventing minors from becoming addicted, and damaging the commercial interests and competitive advantages of the two plaintiffs as operators;
3. Destroying the game matching and balance mechanism of the fair competition of the game involved, and damaging the consumer experience and legal rights and interests of game users. The client of the "Power Leveling" operated by the defendant organizes users to conduct the practice transaction of the "Honor of Kings" game by issuing a ticket and returning cash and setting up the "Honor of Kings" zone. The defendant's act violated the principle of good faith and business ethics, infringed the legitimate rights and interests of the plaintiff and consumers and the social and public interests, and was liable, constituted unfair competition.

USPTO Seeks the Public Comments on Patenting AI Inventions

Recently, the United States Patent and Trademark Office (USPTO) sought the public comments on Artificial Intelligence and Inventorship. The USPTO plays an important role in incentivizing and protecting innovation, including innovation enabled by artificial intelligence (AI), to ensure continued U.S. leadership in AI and other emerging technologies. In August 2019, the USPTO issued a request for public comments on patenting AI inventions. Among the various policy questions raised in the notice, the USPTO requested comments on several issues involving inventorship, such as the different ways a natural person can contribute to the conception of an AI invention and whether current laws and regulations involving inventorship need to be revised to consider contributions from entities other than natural persons.
