

JIAO Shan

Partner

Areas of Practice

Ms. Jiao specializes in antitrust and competition law.

Ms. Jiao has gained diverse experience in dealing with antitrust issues related to SEPs. She is now handling several on-going SEP-related litigations. In the past, she is responsible for dealing with FRAND issues in a series of SEPs-related litigations between Huawei and Samsung. She witnessed the antitrust investigation into Qualcomm as a government counsel and interpreter for NDRC. She represented several local companies and associations in filing complaints to the NDRC against SEP holders; assisted licensor/licensee with competition issues in SEP licensing negotiations; submitted a third party opinion to MOFCOM regarding a SEP-related acquisition.

In addition, she has assisted clients in merger filings and antitrust investigations. She also handled antitrust litigations, including Qihoo v. Tencent.
